Data Analyst | UX Strategist

Bridging data analysis and user experience

Data Analyst with UX/UI background and B.S. in Data Analytics (May 2026). Experienced in transforming complex datasets into inclusive, insightful data visualizations using Python and SQL. Focused on optimizing operational efficiency and driving strategic, data-informed decisions.

Skills:

- **Data Analysis:** Python, SQL (MySQL, PL/SQL), Excel (Pivot Tables/VBA), R
- **Visualization:** Matplotlib, Seaborn, Tableau, Data Storytelling, Dashboard Design
- **UX & Web:** Figma, Adobe XD, HTML5, CSS3, JavaScript, SVG (Interactive Graphics)
- **Collaboration:** Project Coordination, Cross-functional Teamwork, Problem Solving, Git

Professional Experience

Data Analyst Consultant — Playa Pierola

Peru | 2025– Present

- Cleaned and analyzed traffic data to identify peak-demand patterns and usage trends
- Developed insights to support scheduling optimization and facility efficiency

Data Analyst Student Assistant — Cabrillo Community College

Aptos, CA | 2022 – 2024

- Analyzed curriculum and scheduling data to support the Office of Instruction
- Cleaned and structured datasets and developed automated spreadsheet models that reduced processing time from days to hours

UX Designer & Web Developer

Peru | 2008 – 2022

- Designed user-centered websites integrating UX/UI principles and front-end development
- Translated business and user needs into accessible, visually cohesive digital experiences

Web Designer — Entertainment Publications Inc.

Troy, MI | 2006 – 2008

- Designed email newsletters and HTML/CSS templates focusing on user engagement
- Developed interfaces and micro-sites following rigorous usability and branding standards

Education & Certifications
